

IEEE Day celebrates the first time in history that engineers worldwide and IEEE members gathered to share their technical ideas in 1884! The Northwest Subsection is commemorating this first IEEE gathering by recognizing the current achievements of members, updating technical projects, and welcoming the student members of the newest Chicago Section Student Branch

If you have an friend or co-worker that is considering joining IEEE. Bring them along! New members who join during IEEE Day celebrations will receive a **30%** discount on their first year's membership. We will have coupons available at the meeting for any prospective members.

Join us in Room P103, Oakton Community College - Skokie Campus, 7101 North Lincoln Avenue, Skokie, Illinois from 5-8 on October 4 and share your IEEE experience with the assembled members. Come for a few minutes or stay for the entire meeting. All are invited for an evening of food, fun, and surprises.

Help us get a rough headcount by RSVPing to CKelly@core.com

See you October 4!

Connie Kelly
